5:15 5. Receive comments from members of the public on "Items not on the Agenda" None.

5:20 6. Program Presentations

6.1 MOW

Lisa Berkowitz introduced Assistant Director of MOW, Alma Molino, who has been with the program since March. Lisa presented an overview of the history of policies in place to protect and serve the senior population starting with the Older Americans Act of 1965. Between 1972 and 1976 funding was procured for emergency food programs, and in 1978 MOW joined the Community Bridges family of programs. Last year MOW served 93,548 home delivered meals, 45,951 congregate dining site meals, and 17,321 Elderday meals. All meals follow Dietary Guidelines for Americans (DGA's) which limits MOW's ability to accept food-donations. The dining sites are for anyone over 65, their partner, and/or disabled child, and are open Monday-Friday at all sites except Scotts Valley which is open only once a week. Of the clients MOW serve, 32% are from South-County, 29% from North-County, 24% from Mid-County, 12% from Scotts Valley, and 3% from out of Santa Cruz County. Sixty percent of clients live below 100% of federal poverty levels, 53% live alone, and 4% are experiencing nutrition risks. The largest group of clients are between 60 and 75 years of age (52%) and white (64%). Between 2001 and 2016 the senior population grew from 46 million to 69 million while funding fell, and now people need services at earlier ages than before due to economic need. Of Santa Cruz County seniors, 40% do not have income to cover basic needs. Food insecure seniors are 60% more likely to experience depression, 53% more likely to report heart attack, 52% more likely to develop asthma, and 40% more likely to report congestive heart failure. The cost of one year of senior meals is equivalent to the cost of 1-day hospitalization or 10 days in a nursing home. MOW is utilizing electronic client assessment history that makes client data readily available to multiple staff. BOD Member Kenn Barroga shared his experience of visiting the Live Oak dining site where he met both kitchen staff and clients, noting that clients are treated as a community. Mike Rios invited Kenn to join clients for lunch and noted that both the food and the community were great, and that he enjoyed the visit very much.

5:40 7. Agency Business - Raymon Cancino (20 min)

CEO thanked Doug for all the hard work on the Mountain Affaire where \$22,900 was raised.

7.1 Facilities

7.1.1 MCR Refinancing – **Action Item***

Payments are currently going towards rent and into an escrow account, and we are required through our agreement to look into the feasibility of refinancing, as monthly payment cannot exceed \$3.5K. We have contacted Bank of America who declined, and will follow up with

County Bank and Lighthouse Bank. This will allow for additional appraisal. **Jack and Sara** moved to allow CEO to pursue refinancing of the MCR property as appropriate. MSP. None opposed.

7.1.2 La Manzana Building – General Update

Lift Line is trying to move in by the end of November. Roofing is almost done, and flooring is currently in process. Next steps include solar and electric charging stations.

6:00 8. Development Report-Virginia Wright

CEO introduced Development Director Virginia Wright. There was a brief discussion about culture of giving at CB.

8.1 Philanthropy Report

Overall, all numbers are up from last year. Virginia noted that received, pending, and upcoming grants have been added to the Development Report, and that a list of press releases might be added if this is of interest. Virginia asked BOD to notify her of other benchmarks they would like to see. Virginia note that major gifts mean >\$2K from an individual donor.

8.2 Holiday Giving

The year-end mailer is going out on the week of 11/13, and the MOW mailer on the week of 11/6. #GivingTuesday is coming up on 11/28.

8.2.1 Board Match

After a brief explanation about the origin of the Board Match, Virginia noted that we are still looking for \$5K in BOD donations towards the Match. \$7K has been received from the BOD so far, and \$7K is still to come. Virginia distributed envelopes with individual amounts given this fiscal year, and a description of the match process. We will ask donors to give above last year's donation, and let them know that the BOD will match the increase. Virginia will send email updates to BOD as funds are raised. The Match starts with mailing, and ends on 12/31.

8.3 Food from the Heart

Food from the Heart is on 2/8 at the Chaminade. Other upcoming MOW fundraisers and events include the February coin-drive and the Community Champions week in March. The latter offers an opportunity to meet and engage with elected officials.

- Capital Campaign

Virginia met with consultant Nancy Loshkajian and discussed three projects; La Manzana property (now); MOW facility (in 2 years); and LL facility (7 year). Nancy will present a proposal for a Feasibility Study within a few weeks. Capital Campaign will be included on the BOD agenda as an ongoing item.

- Retreat

CEO noted that he just received Eugenia's post retreat report, and that she will be invited to present at the next BOD meeting.

6:28 9. Finance Committee Update - Cathy Benson

CFO presented the October Budget Summary, and noted that while the LL bottom line is improving, we are still adjusting for fluctuations in the Measure D revenue stream. We are seeking refinancing for MCR or will need to provide a balloon payment due on December 17. It is unlikely we need to touch our line of credit, and the investments are following the stock market with slight gains. We will see some redistribution of revenue as we stop paying double rent in July of 2018 and start playing interest and principal payments on our loan.

11:12 Agenda review

11:12 CFO Report - Cathy Benson

- a) CFO presented the September Program Budget Summary noting that projected programs' loss 17/18 stands at <\$25.5K>.
 - CDD saw increased disenrollment at all sites except ND in September, and is moving forward using conservative projections for future enrollments, especially at HP. Only three enrollments are planned going forward, while we are looking for a total of 10 at SYC, VV and FG, and 12 at RM.
 - MOW-Staff resignation offsets higher raw food costs \$12K. One cook on leave of absence has resigned, and we are looking to hire.
 - FRC's-Delay hire of PM and PD, voluntary hours reduction at LMCR. Advocate at LOCR is acting interim PM. Recruitment for LOCR PM is going out in a few days.
 - ELD-New hire waive health insurance, ADA higher. Funding for ELD is attendance driven and attendance by the frail client base fluctuates. October ADA of 71.5 is bumping revenues up.
 - A row for YTD property data has been added to the Budget Summary.
- b) Financial Statement Review September
 - Change from last Month is <\$26,759>. Ratios are looking good. Accounts receivable is steady. Property and equipment covers vehicles, properties etc.
- c) Cash Flow and Line of Credit Updates
 - CFO gave an update of cash flow and noted that we are doing well. We are looking for LL drivers as we are scheduling drives to cover Measure D expansion of evenings and

Prepared by Tonje Switzer Page 1 of 2 weekends. We have not received funds from City of Santa Cruz yet due to CORE administration complications. We are not expecting to use our line of credit this quarter.

- d) Investments and Endowment Updates
- CFO and CAO will meet with Liberty Bank to acquire at third quote for refinancing the MCR building. We do not need to accept refinancing if monthly payments will exceed current payments.
- We will be finishing the Audit reports over the next weeks, as audit must be in Sacramento on December 15. We will need a three member Audit Committee of which one member can be from the Finance Committee, and Jack was willing to serve on the committee. Upon receiving the audit draft one week before it is due, the committee will meet once with our auditor to review and accept the audit.

12:05 Agenda Review

12:05 CEO Report - Seth McGibben

1. Aptos Lease

CEO and CAO met with the Aptos landlords last week about the scheduled move to the La Manzana building. Landlords want to see the small conference room converted back into the car port that it was prior to the CB lease. CAO noted that the alleyway has been improved and that permits may be a problem. Research is necessary as to whether this is our responsibility.

2. 11-15-17 BOD Agenda

Election of new BOD chair. Shannon will address the vice-chair position.

3. BOD meeting schedule for December and/or January

There will be no December meeting. The first 2018 BOD meeting is on January 17.

Retreat Report

Eugenia Bowman will present at the BOD meeting, and will be asked to prepare an outline of the presentation to be distributed to BOD prior to the meeting. Tonje will coordinate.

Community Bridges of Santa Cruz CORE Advocacy Exercise Phase Two

A. BACKGROUND

Appreciative Inquiry Findings:

Definition: Community Bridges has a solid team of board and staff who, although facing growing pains, felt that they were all pulling together in a common ethical endeavor to serve. The vision of the board and staff needs to align around effective advocacy through involvement to make real change.

Discovery: More collaboration and integration across the organization is needed. Advocacy and organizational efforts require a plan and some education and resource support.

Dream: Once aligned on values and goals, with a plan for a shared future, Community Bridges can become the organization that community leaders call on as the authority. A dynamic advocacy component incorporates the grass roots, and gets at the root of the matter.

Design: Create lasting personal relationships with stakeholders, and partner with and leverage everyone and everything. Move from independent units to more integrated work including advocacy. Map programming to the County Assessment.

Deliver: Headway is made on poverty, housing and overall equity and goes beyond basic service to facilitating agency (empowerment). Planning for the 50-year anniversary includes a needs list, partners and a timeline to ramp up programs and initiatives. Through service, education, leadership development and cross-training of board, staff and stakeholders, the organization is highly valued by government and other partners, and helps to create a culture shift in Santa Cruz.

B. SOCIO-ECOLOGICAL SPHERES OF INFLUENCE

A sphere of influence is the field or area in which an individual or organization has power to affect events and developments. Individuals and organizations with the greatest influence span most or all the following spheres. Community bridges, as it touches each sphere, is in the strongest position to channel its influence into powerful advocacy efforts.

C. BUILDING ADVOCACY THROUGH VALUES BASED STORIES/MESSAGING At the retreat, small groups representing a cross section of Community Bridges stakeholders (program and administrative staff and board) began to build the skeleton of values and messaging necessary to engage, persuade and promote the organization, and that will elicit the support and corresponding actions that will lead to the organizations' overall success. Using the lens of advocacy strategy noted below, we will spend a portion of the board meeting taking the next steps to sketch some assignments and an action plan for advocacy for three concrete programs of Community Bridges: seniors and transportation, children and nutrition, and the family resource collective.

D. ADVOCACY

Strategy:

- What are the needs of community and decision makers
- Who are your partners? (Stakeholders and grass roots)

- What coalitions and initiatives are concerned?
- What is your common agenda? (Listen and inquire)
- Which allies can get involved?

Engagement with political stakeholders (one-on-one conversations come first)

- What do political leaders need? (Knowledge, data, facts, consequences, support.)
- How can we help?
- How can we promote their agenda?
- What is a common strategy?

Community involvement

- Do we have sufficient engagement
- How can we strategize together?
- What can we accomplish together?

D. Next Steps:

- 1. Convene Advocacy Committee. Expand Committee to include stakeholders and partners
- 2. Map Community Bridges program and impact to county assessment and priorities
- 3. Identify and partner with key collaborators who align with programs and needs assessment
- 4. Adopt a problem-centric rather than a firm-centric model of stakeholders. Include partnerships from three or more different sectors: business, non-governmental organizations, governments, and civil society or community
- 5. Build an Advocacy Plan (who, what, where, when, how) that articulates the influence, values and program impact of Community Bridges
- 6. Flesh out the values messaging to identify strategic messages themes and resources going forward
- 7. Hold Advocacy/Messaging Workshops during Board and Staff meetings
- 8. Create web-based portal (key messages, fact sheets campaign materials and other resources) and make accessible to stakeholders
- 9. Hold face to face meetings (with and without collaborators) with legislators, policy makers and other stakeholders to find out what resonate. Reach out and meet people where they are
- 10. Develop a strategic plan looking to 50-year anniversary, with advocacy and outreach a high priority

C. Accomplishments:

MCR has experienced a challenging year fiscally and in operations. Although MCR has experienced a challenging year there have been several program achomplishments to highlight. The sold out Mountain Affair fundraiser was an incredible success. Restaurant Casa Nostra, located in Ben Lomand, CA., hosted the event that included a silent auction made up of fine wines, crafts from local artists, and other items that contributed to the event's success. The event raised the projected amount, the setting of Casa Nostra and event success faciliated a foundation to build off of in the coming years. Another MCR accomplishment was the securement of a ground breaking contract in which the Santa Cruz County Youth Probation Department has agreed to work with Community Bridges to faciliate a pilot project of the Parent Project curriculum focused on the parents of youth on probation. The contract is the first of a kind in the county with a proven statistical success rate to assist in the reduction of youth recidivism, increase public saftey, and improve family dynamics of youth on probation. The food pantry has experienced a week-over-week increase of the number of participants served at MCR. Additionally, MCR is in the midst of scheduling free Diabetes Management classes with a local healthcare organization. Furthermore, MCR's partnership with Dignity Health to provide free blood glucose and blood pressure screens has resulted in a duplication of services at another local food bank in the area.

D. Challenges:

Over the past year the challenges at MCR were numerous and met head-on, addressed, and overcome. Some of the challenges include a reduction of staff and staff hours. This had a direct effect on the number of services offered to the community and a reduction of site operating hours. Staffing challenges requiered difficult problem solving and out-of-the-box solutions. Although the staff and staff hours were reduced MCR was faced with the challenge to secure youth probation staff to meet the current and quickly evolving needs of the Santa Cruz County Youth Probation Department. A new probation contract is pending completion while two probation Advocates are ramping up to address progamatic changes. Also, significant facility maintenence and repair challenges exist in regards to resources. In spite of facility challenges, maintenence and repairs are addressed in a timely manner. Finally, a new MCR Program Manager has been identified to replace the current program manager.

The 2017 Mountain Affair:

A night celebrating the San Lorenzo Valley

mountain affair

an italian fine dining experience

Mountain Community Resources (MCR), a program of Community Bridges, invites the public to its 32nd annual Mountain Affair on Friday, October 13 from 6 to 10 pm.

In a nostalgic nod to the program's Italian Affair, last held in 2013, the event will be held and hosted in part by Ristorante Casa Nostra in Ben Lomond, for a night of fine Italian dining.

"We're excited to celebrate the heart of the valley community we serve," said Raymon Cancino, Chief Executive Officer of Community Bridges. "Now more than ever, support for MCR's programming is critically important, and we hope that you'll join us in raising hope, a glass, and the support needed to ensure our doors continue to stay open five days a week for the families in need."

The Mountain Affair will feature local wine, a silent auction by Santa Cruz Mountains Makers' Market vendors, a Fund-a-Need auction benefiting families in the San Lorenzo Valley, and live music by the Soul Fingers jazz trio.

The Mountain Affair is Mountain Community Resources' single largest fundraiser of the year, making it possible to serve more than 400 families throughout the San Lorenzo Valley and Scotts

Valley community annually. All proceeds from the event support MCR's parent education, one-on-one counseling, food and clothing pantry, youth probation support and more.

Mountain Community Resources invites the public to attend this celebration of the valley community. Tickets are on sale for \$75 each at mcr2017.eventbrite.com.

ABOUT MOUNTAIN COMMUNITY RESOURCES

Since 1982, Mountain Community Resources has been providing community outreach and advocacy, parent education, clothing, food pantry services and more to over 400 families throughout the San Lorenzo Valley and Scotts Valley communities. From health care enrollment to emergency relief, MCR is the go-to resource for so many neighbors in need. Mountain Community Resources is part of the Community Bridges Family Resource Collective. Spotlight on Community

Lift Line is a Lifeline

Thanks To Measure D, Lift Line Is Available

Seven Days a Week!

LIFT LINE

COMMUNITY BRIDGES PUENTES DE LA COMUNIDAD

Lift Line, a program of Community Bridges, is the only free door-to-door paratransit service in the county. Over 80,000 people use the service annually. We hear many stories of how it has helped families when they desperately need it. One such story was shared with Community Bridges staff this week, "My father was diagnosed with Parkinson's in his fifties. He retired early from his career as an engineer in Santa Clara, which became the Silicon Valley during his lifetime. In his sixties, he

could no longer navigate the many stairs in his Boulder Creek home so he moved to downtown Santa Cruz. As his illness progressed, he moved from using a walker to a wheelchair. We could no longer take my father to doctor's appointments or elder day care. My mom desperately needed a day off for her own health. That is when Lift Line became so important. In addition to getting my dad and his wheelchair to doctor's appointments, Lift Line took him to the senior center, so she had a day off from caregiving once a week. This allowed my father to stay at home much longer. Lift Line was a life line for my mom and dad, and all of us."

Lift Line became even more important in 2016 due to funding cuts to Santa Cruz Metro's ParaCruz program. In response to the growing need and deceased funding, the community came together to support Measure D, which allocated funding to transportation projects including Lift Line. The measure passed in November of last year.

The first allocation from Measure D arrived in the Community Bridges offices in September 2017, making it possible to continue serving more people by expanding the service seven days a week. As a result, seniors, veterans, disabled residents and children can maintain their independence and get to critical medical appointments on any day that they might need a ride. Call us at 831.688.8840 to enroll and schedule a ride.

Solutions sought for Santa Cruz County seniors

Schwickerath, president of the Seniors Council, looks over notes from Wednesday's Solutions Summit discussion group on homeless people age 50 and older. Resurrection Catholic Church in Aptos hosted the summit. (Jondi Gumz -- Santa Cruz Sentinel)

SOLUTIONS?

Problems: More than \$750,000 in program cuts in the past decade, twice as many homeless people 50 and older than 25 and younger, not enough income for basic needs, not enough affordable transportation, isolation, not enough senior advocacy.

Proposed solutions: Expand CalFresh food stamp eligibility, require medical professions to provide pro bono services to seniors, match seniors who have housing with those who need housing, scale up programs at senior centers to operate seven days a week, explore intergenational housing, involve seniors in foster grandparent program, phone calls to seniors living alone, incentives to landlords to rent to older people.

APTOS >> Nearly 100 people brainstormed Wednesday on how to meet the needs of a fast-growing population of residents age 60 and older in the wake of significant funding cuts.

"Each one of us will be a senior in Santa Cruz County," said John Leopold, who chairs the county board of supervisors, welcoming attendees to the Senior Solutions Summit, organized by the <u>Seniors Council</u> and hosted by Resurrection Catholic Church.

There are 61,000 county residents age 60 and older, up from 38,000 a decade ago, a 61 percent increase, but federal, state and local funding for senior programs has fallen 18 percent in that time span from \$4.4 million to \$3.6 million, according to the Seniors Council, headed by Clay Kempf.

The Seniors Council functions as the <u>Area Agency on Aging</u>, mandated as part of the Older Americans Act to provide services to those 60 and older.

Among the problems older people face: They are living longer, finding their nest egg is not enough. They are reluctant to ask for help. Their families are not close by. They are living paycheck to paycheck, and the loss of a spouse or a job or rental housing can send them into a downward spiral.

"The cost of living is a real barrier to people on fixed incomes," said Mike McConnell, Santa Cruz County adult services director. "We need to raise awareness among policymakers."

Participants broke into groups focusing on solutions regarding homelessness, aging at home, cost of living, isolation, transportation and advocacy, topics chosen by attendees.

McConnell was one of several seeing a need for a one-stop shop to learn about services available.

With elders being served by government agencies, private providers such as Lifespan and Visiting Angels, nonprofits such as <u>Grey Bears</u>, <u>Community Bridges</u>, <u>Senior Network Services</u> and <u>Advocacy Inc.</u> and <u>faith-based organizations</u>, getting a complete menu of services is a challenge.

"The <u>Central Coast Center for Independent Living</u> does a great job but most people are not aware of it," said Cindy Klaniecki of Home Collaborative.

<u>St. Andrew's Presbyterian Church</u> in Aptos raised money via chili cookoffs to buy a portable shower for use by people who are homeless and is discussing the operating expense and location, according to member Gwen Yeo.

High Street Community Church in Santa Cruz has informally matched members with homes with UC Santa Cruz students needing a place to live but has yet to develop an ongoing program or export the idea, pastor Danny Wallen told the Sentinel.

Patrick Meyer, who chairs the Cabrillo College Human Services Department, suggested Meals on Wheels volunteers deliver information on resources along with meals.

Betsy Wilson of MidPen Housing Corp. suggested providing information at hospitals and mortuaries.

Attendees suggested more accessory dwellings, sharing homes with students and cohousing to cut housing costs. They suggested creating incentives for landlords to rent to older tenants.

Brad Beaulieu of Hospice of Santa Cruz County recommended older people share their stories "and get younger people reading the stories." He had a suggestion for doctors: Why not prescribe social programs as a solution for depression instead of pharmaceuticals?

"There's a taboo about talking about getting old and dying," said Mary Howe, who founded <u>Village Santa Cruz</u> to support people as they age. "The solution is conversations — don't wait until there's a crisis."
