# Community Bridges: One Donation to Benefit Us All

If you haven't heard of Community Bridges yet, you're in for a treat. This local nonprofit is gearing up for its 40th anniversary in 2017, and is like none other in our community. Its motto is to work together for the common good. And I think we can all agree, especially now, that's a cause to get behind.

Every year, Community Bridges' 10 programs, across 20 locations throughout Santa Cruz County work together to meet the needs of 27,000 local children, families and seniors. These programs include the well-known Meals on Wheels for Santa Cruz County,

Lift Line and WIC. In addition, they provide subsidized preschool

programs, family resource centers (with after-school programs, free nutritious food distributions, crisis

support and more), and Elderday - a day health care center for low-income seniors with Alzheimer's and related conditions.

One gift to this nonprofit supports the most vulnerable in our community, from our youngest babies to our oldest adults, through a variety of crucial services. But during the holidays, your donation will go even further. Until December 31, 2017, the Community Bridges Board of Directors is matching up to 20% of all donations received.

To learn more and give the gift that benefits us all, visit [www.CommunityBridges.org/Donate](http://www.CommunityBridges.org/Donate).
