

GOOD WORK POSTED ON AUGUST 31, 2016**TAKING CARE**

Community Bridges received a grant last week that should make 70 low-income seniors more comfortable and happy every day. A local Medi-Cal nonprofit awarded the group \$35,000 to upgrade equipment and technology at Elderday Adult Day Health Care, which is located in Santa Cruz's Harvey West area. Empowering local seniors to remain mobile and independent, it's the only program of its kind in the area.
