

2022 Annual Report

EEN POWER

Mountain

CEO Letter

Dear Community Bridges Friends and Supporters,

Santa Cruz County has been there for Community Bridges since the very beginning – more than 45 years. Since then we've grown to add new services which have allowed us to reach more families and individuals. We've pivoted to respond to every crisis our community has faced since 1977.

Supporters like you make that possible. We're asking you to be there for us again as we reimagine the best ways to meet Santa Cruz County's needs. Demand for Family Resource Center services like mental health counseling, case management and advocacy have increased by 500% since the start of the pandemic. Community Bridges has given out more than \$1 million in direct assistance and more than a half-million pounds of food assistance.

We know next year will be a little harder to meet the needs of the community. Signs of tightened budgets at home due to the economic pressures of inflation have similar impacts on programs and services hurt by rising costs and divestment of local government support. Like everyone else, it's costing Community Bridges more to serve the current demand, and people seem less able to meet the call for support.

We are going to continue to be creative in the ways we serve our clients, but a few hours of your volunteer time each week would make it possible to serve even more members of our community than we could doing it alone. We are also extremely grateful to those who may not have the time to volunteer but might be able to offer their support through their advocacy or donation.

Thank you for continuing to be a Community Bridge supporter.
